

Be Safe AND Prosper through Education on 70E Standard in Boston
NFPA 70E, *Standard for Electrical Safety in the Workplace*, the "de facto electrical safety standard," will be addressed at **NECA 2010 Boston** through a Pre-Convention Workshop on [Significant Proposed Changes to NFPA 70E 2012](#) and a Technical Workshop on [Understanding the Arc Flash and NFPA 70E](#). In addition, another Technical Workshop, [Embracing 70E Partnering to Gain "Safety" Work](#), approaches the topic from a different angle ~ **the profit angle**. *Three more good reasons to go!*
