

## NTI Opens July 31; Still Time to Register Online

The [2010 National Training Institute](#) will be held **July 31-August 6** at the **University of Michigan** in Ann Arbor. Special presentations and courses will be offered there for inside electrical contractors ("EC Group") *AND* for those associated with the outside line construction or utility industry ("O Group"). There's still time for you and your key management employees to get in on them, but *you'd better hurry*. **The registration fee, currently \$350 per person, goes up to \$500 after July 22.**

The EC Group and O Group programs will be presented Sunday afternoon, August 1, and all day Monday and Tuesday, August 2-3, on the university campus. However, you are encouraged to arrive early so you can attend the Trade Show on Saturday, July 31. (You are also invited to attend the Opening Ceremony/Welcome Reception on Sunday, August 1.) **You must reserve a hotel room separately from your NTI registration.** You must also register separately for NTI activities, including the A.J. Pearson Golf Tournament.

A new article on NECA's website provides access to program schedules for the EC and O Groups, which were updated on July 28; NJATC Bulletin 2010-015, which contains information on local hotels, activities, trade show exhibitors, and a whole lot more; the NTI Information Book; and a [link to NTI registration](#).
